Swift
Rust
VBA

KEY SKILLS

Problem Solving
Attention to Detail
Agile / Scrum
Code Review
Team Collaboration
Bilingual (Spanish)

ABOUT ME

Software Engineer with full-stack experience spanning front-end development, back-end architecture, and database design. Skilled in software design principles and web development, with proficiency across multiple programming languages and a strong ability to work with and manipulate data to meet project requirements. Known for attention to detail and a methodical approach to solving complex problems efficiently.

PROFESSIONAL EXPERIENCE

Lead Software Developer | MobileDash

09/2023 - Present

- Worked with management to lead development team.
- Developed application that queries thousands of documents to retrieve documents based on various query types.
- Developed web application pages, functionality and databases using Oracle Apex.
- Worked on GitHub tickets to improve application frontend/backend using WebStorm, SaaS, Node, SCSS, JavaScript, TypeScript, Angular, and Git.
- Review, Approve and Merge GitHub pull requests.
- Report on work completed during daily standup meetings.

Developer Intern | The Church of Jesus Christ of Latter-day Saints

01/2023 - 04/2023

- Helped in development of application that queries millions of documents to retrieve documents based on various query types.
- Worked on Jira bug/story/feature tickets to improve application frontend/backend using IntelliJ, Node, SASS, Typescript, Angular, Maven, Gradle, Azure DevOps, Git.
- Upgrade node dependencies (bootstrap, angular, others as needed).
- Helped review/approve/merge GitHub pull requests.
- QA user-based bug fixes and new feature development.
- Requirement elicitation to prepared Jira tickets for software developers.
- Report on work completed during daily Agile standup meetings.

CAD Drafter | HLE Inc.

02/2021 - 10/2022

- Worked in a team setting to meet the needs of clients and meet deadlines.
- Communicated with state and local jurisdictions to meet requirements.
- Drafted for surveyors and civil engineers using Civil3D.

Construction Estimator | Mickelsen Construction Inc.

03/2020 - 02/2021

- Created civil estimates for clients working with vendors for best prices.
- Created excel sheets for effective calculations.

EDUCATION

Bachelor of Science in Software Engineering

Emphasis in Web Development and Software Design

Brigham Young University - Idaho

Graduated July 2023
